

# Employment Opportunity

## CNC Lathe Operator

-  Are you done working in a dead-end job?
-  Are you sick of working in a bureaucracy?
-  Are you tired of not being appreciated for your skills?

If you answered yes to any of these questions, then a career at United Precision Corp. could be for you!

The team at UPC is a leader in machined metal seals, pressure relief, and custom products for the Space/ Aerospace industry. We are seeking a CNC Lathe machinist to perform set-ups and operation of conventional lathes, and CNC turning centers. Candidates will be trained in the operation of machine controls as needed.

Location: Chatsworth, CA  
 Minimum Education: High School diploma or GED  
 Experience: 3+ years in CNC machining  
 Compensation: **\$18 – \$20/hr + bonus**

### Requirements:

-  Ability to follow instructions and work with minimal supervision
-  Ability to multi-task and prioritize accordingly
-  Adjust machining factors (speed, feed) as required
-  Apply knowledge of machine theory, procedures, mathematics, material machinability, and etc.
-  Resolve machining or assembly problems
-  Perform set-ups and operation of conventional, and CNC turning center
-  Produces first articles to verify accuracy of machine settings
-  Strong work ethic (punctual, dependable, reliable, and team player)
-  Train, assist and support employees in producing parts and in completing all process requirements
-  Understand blueprints, sketches, drawings, specifications, or sample part to determine dimensions and tolerances, sequence of operations, and set up requirements.
-  Use measurement tools (calipers, micrometers, depth gages, etc.) to verify conformance of parts

### Physical Requirements/Working Conditions:

-  Ability to work in various indoor/outdoor conditions
-  Work requires walking, standing, sitting, climbing, stooping, kneeling, and crouching, etc.
-  Able to lift and/or move up to 50 pounds
-  Safely operate equipment
-  May be exposed to variable noise levels, fumes, hazardous chemicals or airborne particles
-  Wear personal protective equipment
-  Excellent manual dexterity and hand/eye coordination
-  Vision requirements include color vision and depth perception

### Beneficial Experience, Skills & Abilities:

-  Mastercam operation
-  PC operation including Microsoft Office Suite and e-mail.
-  Proficiency with machine setup and programming on Mori Seiki CNC turning centers
